NuTech National:

Loss Prevention Foundation announces NuTech National as Title Sponsor

Orlando, FL – June 8, 2016 – NuTech National has recently been announced as the title sponsor and charter member for the Loss Prevention Foundation’s Benevolent Fund. The fund helps to support and honor families of fallen LP personnel in the industry. In addition to distributing funds to these families, the LPBF in hand with NuTech National provide financial grants to eligible participants who include those with serious medical issues, deaths of dependents, natural disasters, homelessness, etc. Greg Detardo, President of NuTech National, quotes that “we are extremely honored and happy to be a part of such a great cause for our LP community and look forward to further contribution to help our community in need. We know the importance of LP personnel and will continue working to honor and support them.”

The prevalence of LP personnel deaths is all too common. Gene Smith, founder of the LPF, quotes that: “[the LPF] just received information yesterday of another tragic loss of an LP professional who was killed in a terrible car accident while he was working. He leaves behind a wife and a young son.” This fund has been an emotional experience for all parties involved and the team at NuTech could not be prouder to be leading the way in this fund and contributions to the families of LP everywhere.
