LPF forms new Loss Prevention Foundation Advisory Council (LPFAC)

Matthews, NC (August 22, 2018) – The Loss Prevention Foundation (LPF) announced this week the creation of the Loss Prevention Foundation Advisory Council (LPFAC). The purpose of the LPFAC will be to advise, assist and support the LPF Board, as well as, advocate for the loss prevention industry. Members of the Advisory Council will offer recommendations for new topics and improvement of the current LPF certification curriculums and will serve as liaisons between the LPF and retailers and solution providers. The Advisory Council will also make recommendations to the LPF Board of Directors on topics including, but not limited to, diversity, membership, scholarships and LPF special projects.

The Loss Prevention Foundation is proud to announce the following council members. All members will be volunteers and must be either LPQ or LPC certified. Currently, the Advisory Council members are:
